

Important Notice about Roth IRA Conversions

IMPORTANT INFORMATION FOR TAX YEAR 2010 AND THEREAFTER

IMPORTANT CHANGES TO ROTH CONVERSIONS EFFECTIVE JANUARY 1, 2010

Beginning in 2010, there will be no eligibility requirements for converting a Traditional, SEP or SIMPLE (after the required two year holding period) IRA into a Roth IRA under the Tax Increase Prevention and Reconciliation Act of 2006 (TIPRA). You should consult your tax advisor or the Internal Revenue Service (IRS) web site www.irs.gov regarding special taxation rules that will apply to conversions occurring in 2010.

Beginning in 2010, individuals are permitted to rollover amounts from an eligible retirement plan and convert them to a Roth IRA under the Worker, Retiree, and Employer Recovery Act of 2008 (“WRERA”) regardless of their modified adjusted gross income or filing status.

3. Tax Withholding Instructions

Federal Tax Withholding: Generally, IRA distributions are subject to 10% withholding unless you elect to have an additional amount withheld or elect to have no withholding. You may make a withholding election by selecting one of the options below. Please select one of the following: (If no selection is made, ESG Managers® Portfolios will withhold 10%, per IRS regulations).

Withholding will apply to the entire amount of the conversion distribution, including the amount of any non-deductible contributions that may have been made to your IRA. You may not convert any portion of a required minimum distribution (RMD). You may still invest the entire amount of the conversion distribution into your Roth IRA by using other assets to replace the amount withheld for federal income taxes.

If you are under age 59½ and you use assets of your IRA to pay taxes on the conversion distribution amount, either by liquidating additional shares or by not replacing amounts withheld for Federal Income Tax, the IRA assets used to pay those taxes could be considered a premature distribution since they are not being converted into a Roth IRA or rolled over into another IRA, and may also be subject to a 10% early withdrawal penalty.

- Do **NOT** withhold Federal Income Tax
- Withhold **10%** Federal Income
- Withhold _____ % Federal Income Tax (must be greater than 10%)

State Tax Withholding: Your state of residence will determine your State Income Tax withholding requirements, if any. Those states with mandatory withholding will require state income tax to be withheld from payments if federal taxes are withheld. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. You may wish to consult with a tax advisor or your state’s tax authority for additional information on your state requirements.

- I elect **NOT TO** have State Income Tax withheld from my retirement account distributions (only for residents of states that do not require mandatory state tax withholding).
- I elect **TO HAVE** the following dollar amount or percentage from my retirement account distribution withheld for State Income Taxes (for residents of states that allow voluntary state tax withholding): \$ _____ or _____ %.
