ESG Managers® Conservative Portfolio	\$ _____ or _____%	<input type="checkbox"/> Class A (3333) <input type="checkbox"/> Class C (3353)

3. Certification

I, as the Responsible Individual for the above account, certify the following statements are true and correct:

This rollover contribution is from another Coverdell Education Savings Account, and not from a Traditional, SEP, SIMPLE or Roth IRA or from a qualified plan, qualified annuity, 403(b) plan or 457 plan.

This rollover contribution is being made within 60 days of my receipt of that distribution in which the above-named Designated Beneficiary was either the original Designated Beneficiary or is an eligible family member of the original Designated Beneficiary.

During the 12-month period prior to this distribution being rolled over, the Designated Beneficiary has not received a distribution from the same Coverdell ESA which was subsequently rolled over to another Coverdell ESA, and the distribution being rolled over has not been part of a distribution from another Coverdell ESA that was subsequently rolled over.

The property received in the distribution from the distributing Coverdell ESA is the same property being rolled over into this Coverdell ESA.

I agree that I am solely responsible for all tax consequences of this rollover contribution. I also agree that neither the Custodian, the Fund, nor any agent of either of them has any responsibility for any tax consequences.

I have read, understand, and agree to be legally bound by the terms of the ESG Managers® Coverdell ESA Custodial Agreement. I also understand that the Custodian will rely on this form when accepting this rollover contribution. I understand that this rollover is irrevocable and may not be reversed in the future. I also understand that I am responsible for the movement of the rollover to the successor Coverdell ESA, and that neither the Fund, the Custodian, nor their agents, have any duty to enforce the collection of any assets to be rolled over to the above ESG Managers® Coverdell ESA.
